

## LANDSCAPING CHECK LIST

Before we can start your landscaping please ensure that the following has been completed.

- You have had complete handover and received the keys.
- All paving including porch, driveway and council crossover has been installed.
- All your fences including returns have been installed.
- Prelays have been installed and marked under all paving

### FRONT

- White, 90mm PVC storm water pipe for driveway
- If paving under meter box please install 20mm PVC Pipe with a strong draw wire.

### REAR

- If the sides of your property are going to be paved to the rear yard you need to provide
  1. 25mm PVC pipe & cable
  2. 2 x 20mm PVC pipes

**Please note we will not landscape your garden if prelays have not been installed.**

- If you have a rear landscaping package with reticulation please ensure that the front reticulation system is completed prior.
- Planter boxes must be sealed and filled (preferably with potting mix) and access for reticulation is available i.e. pre drill hole in to insert 20mm poly pipe.
- You have approved and signed off your landscape design plan and specifications.

**\*PLEASE NOTE THAT IF ANY OF THE ABOVE HAS NOT BEEN COMPLETED AFTER THE JOB HAS BEEN SCHEDULED A \$200 CALLOUT FEE WILL BE INCURED.**
